

OPEN FACE CARD HOLDER

Our “Bulldog” range of ID badge holders are all fully biodegradable and available in a wide range of colours

100% biodegradable material
 Available in landscape or portrait orientation
 and single or double sided versions
 Next day delivery available
 Holds standard size 86mm x 54mm plastic cards

The Ingenia “Bulldog” range of open face ID card holders are here in a range of vibrant colours, available in portrait or landscape and single or double sided.

CONSTRUCTION

The product is made from biodegradable and recyclable polypropylene plastic that is both lightweight and hard-wearing. It has space for easy retrieval of an inserted card as well as pre-punched holes for a lanyard or reel.

Additional options include different colours, portrait orientation and double sided versions.

FEATURES

The badge holders come with specialised ridges for additional protection against wear and tear and this also helps prevent damage to any ID cards that feature a magnetic stripe or contactless chip.

Using a cardholder is not only convenient for attaching to a lanyard or clip but also reduces card damage or flexing, resulting in longer lasting cards.

TECHNICAL

Physical Features:

Material: Biodegradable recyclable polypropylene
 Durability: 10+ years
 Quantity: Sold in packs of 100

Eco Information:

The ‘Bulldog’ range of open face ID card holders are both biodegradable and recyclable. If the user decides to discard, instead of recycle, the product has the ability to self-degrade over time.

The ability to degrade remains dormant until the product is in contact with a microbe rich environment, which is typically found in landfill or oceans.

Once the product is exposed to enzymes and microbes the microorganisms will penetrate the plastic collectively to break down the chemical bonds that hold the material together.

- Lightweight
- Hard wearing
- Versatile
- Easy to attach
- Biodegradable
- Recyclable

Features & benefits

- Biodegradable & recyclable material
- Landscape or portrait
- Magnetic stripe protection ridges
- Fits card size 86 x 54mm
- Lightweight & attractive
- Offers secure & rigid protection
- Accepts clip or chain fittings (not included)
- Single or double sided
- Available in a wide range of colours
